

COVID-19 Response 2020

Life sometimes brings truly unexpected challenges. COVID-19 pandemic is one of the largest that modern humankind ever faced to. To help with medical instruments and food wherever needed is not only a fundamental moral obligation in this emergency but also among our Foundation's declared purposes. So far we have rapidly acted in the following areas:

- purchasing and distributing 1000 facial masks to the public in Hungary
- distributing an additional cca 1000 facial masks to the most vulnerable elderly in cooperation with the authorities in Hungary
- assisting in daily shopping to the most vulnerable elderly in cooperation with the authorities in Hungary
- supporting state children with computers enabling them to participate in e-learning during the lockdown in Hungary
- financially supporting Secular Franciscans in Malawi who buy food and sanitation items and distribute to ultra-poor Malawians in 9 regions across Malawi to the identified 6 families per region

Considering that we are in the middle of this pandemic we appreciate all kind of supports and also suggestions where we could help efficiently. For suggestions please contact us at contact@purelifefoundation.eu . If you wish to support our missions you can wire transfer your donation to the following bank account:

Name: PURE LIFE ALAPÍTVÁNY (seat: H-1054 Budapest, Tüköry utca 3./II.)
